UNIT 1 JOBS

Dentist : The dentists work at the dentist's office. They check our teeth, repair or remove the damaged teeth.

Photographer: The photographers work in the studios (portrait photographers) or outdoors. They take photos of people or nature.

Hairdresser: Hairdressers work in the beauty saloons. They cut, dye and style the others' hair.

Paramedic: Paramedics often work in ambulances. They care for the sick or injured people.

Graphic designer: The graphic designers generally work in studios where they have drafting tables and computers. They design different things using computer programs.

The background is a blue gradient with decorative white circuit-like lines in the corners. The lines consist of straight segments connected by small circles, resembling a printed circuit board layout.

Story page 12

The two schoolmates are walking down the stairs. They are wearing school uniforms. A white shirt, black trousers and a striped tie. They were in a job museum and now they are talking about their interests and their future jobs as they are getting on their school bus. Suddenly an advertising sign about computer games catch their eyes.

They gladly make a new decision about their future jobs.
